

Accumulator® Series Inherited Annuity Beneficiary Continuation Option (BCO) for NQ

THIS FORM IS NOT APPLICABLE FOR SERIES 04 AND EARLIER CONTRACTS, GENERALLY THOSE CONTRACTS APPLIED FOR PRIOR TO 7/10/2006, DEPENDING ON WHEN SERIES 06 WAS APPROVED IN YOUR STATE. IF YOUR CONTRACT WAS ISSUED AFTER 7/10/2006, PLEASE CALL US TO FIND OUT WHETHER YOU ARE ELIGIBLE TO USE THIS FORM.

***For Beneficiaries of Accumulator® Series Non-Qualified (NQ) Contracts
For Assistance Call (800) 789-7771***

Beneficiary Continuation Option is available to you after the owner dies, if you are the beneficiary or a joint owner of an Accumulator® Series NQ contract. Other death benefit settlement options which may be available to you are a lump sum distribution, contract continuation or one of several forms of annuity payout options. Please refer to “Accumulator® Series — Claim to Annuity Benefits” for instructions on electing one of these other options.

Before you complete this form, please read the “Things to Consider” section on page 2 and the “Terms and Conditions” on page 3. In this BCO Form, we use the term contract to include both individual annuity contracts, and certificates issued under a group contract.

Your portion of the Annuity Account Value (AAV) of the deceased owner’s contract is your “BCO Interest.” You will have the right to transfer amounts among the investment options available. When you elect BCO, the law requires you to take annual minimum distributions from the contract. By paying income tax only upon receipt of distributions, you may ultimately stretch out the income tax impact on your benefits while your balance continues to be invested. You cannot make additional contributions to the contract. For income tax reasons contract ownership must continue to include the name of the deceased owner.

By electing the BCO option, the account value is subject to market fluctuation. There are no guarantees associated with the account value and the sum of withdrawals taken over the life of the BCO contract (including the surrender value) could be less than its beginning account value.

Eligibility for NQ BCO

- 1. BCO is only available at the death of a contract owner.** For NQ contracts where the owner and annuitant are different, BCO is not available if the annuitant dies before the owner. At the death of an owner under a jointly owned contract, the surviving owner takes precedence over all beneficiaries and may elect BCO. If the contract is owned by an entity and there is an individual beneficiary, BCO may be available on the death of the primary annuitant.
- 2. All beneficiaries must be individuals.** If there are multiple beneficiaries, and any is non-natural, i.e., an estate, trust or a charity, the non-natural beneficiary cannot elect BCO and must take distribution of its portion of the death benefit or the AAV. However, the other individual beneficiaries can elect BCO for their respective shares of the AAV.
- 3.** The minimum amount to elect BCO for any beneficiary is \$5,000.
- 4.** Your election, as well as the election of any other beneficiary who chooses to be a Continuation Beneficiary, must be received within 9 months of the deceased contract owner’s death, along with all required documentation. Beneficiaries who do not make a timely election will not be eligible for BCO.
- 5. You will not be eligible to elect BCO if you make a death benefit or other contract settlement election that is inconsistent with BCO prior to submitting this form.** (Example: You will not be eligible for BCO if you previously elected Spousal or Non-Spousal Contract Continuation or an annuity payout option when you submitted the official Death Certificate.)
- 6.** We must receive a separate BCO election form from each Continuation Beneficiary.

Multiple Beneficiaries

Where there are multiple beneficiaries, unless the deceased owner indicated otherwise to us in writing before his/her death, we will allocate the Annuity Account Value equally among all beneficiaries and will maintain separate shares for each beneficiary. Each beneficiary can elect a payout option independent of the other beneficiaries. If the scheduled stretch-out payment election is made by any of the beneficiaries, distributions will be calculated over the respective lives of the beneficiaries for their respective BCO interests. Each beneficiary may select the BCO distribution method of his or her choice.

Here's How You can Elect to Defer Settlement of the Contract Proceeds and Become a Continuation Beneficiary

Fill out the "Accumulator® Series — Beneficiary Continuation Option Election" form beginning on page 4 of this form and return it to the address indicated on the attached form.

Things to Consider

To determine which of the two BCO payout options is right for you, you should consider all the options that may be available to you at the owner's death. You will find a helpful list of choices in the "Knowing Your Accumulator® Options" brochure.

In making your decision, you should discuss with your tax or legal advisor the timing of distributions that must be made, the tax treatment of these distributions, and how important flexible access to funds is to you. You should also read the "Terms and Conditions" carefully to note what amounts are considered as part of your BCO interest and when withdrawal charges might apply to a BCO Option elected.

	Scheduled Stretch-out Withdrawal Option	Five Year Rule Distribution Option
Scheduled Payments:	Payments will be made once a year to you over your life expectancy determined on a term certain basis and in the year payments start. These payments must begin no later than one year after the date of the deceased contract owner's death.	You do not have to take withdrawals on any set schedule.
Additional Withdrawals:	You may make partial withdrawals at any time subject to minimum withdrawal amounts. For certain contracts, withdrawal charges may apply to withdrawals or total surrender. See "withdrawal charges" in "Terms and Conditions."	You may take withdrawals as desired (subject to contract minimums and withdrawal charges that may apply). The entire account value must be fully withdrawn by the fifth anniversary of the original contract owner's death.
Tax Treatment:	We will treat all amounts paid from the contract as taxable on an "income first" basis.	We will treat these withdrawals as taxable on an "income first" basis

Minors as Beneficiaries:

Minors acting by their guardians under state law are eligible to elect BCO. Depending on the minor's state of residence, a legal guardian may have to be appointed. If this has been done, please provide a copy of the court appointment of the guardian. The guardian must complete Section 3 of the BCO election form. You should consult with your legal advisor in this situation.

Amount Applied to BCO contract:

A beneficiary's BCO interest is determined in accordance with the beneficiary's share of the Annuity Account Value. If the death benefit is payable when you elect BCO, we will reset the Annuity Account Value as of the date of receipt of all required documentation, to the Guaranteed Minimum Death Benefit (GMDB) that was in effect on the deceased's date of death, if it is higher than the Annuity Account Value. Additionally, any amount payable under the Earnings Enhancement Benefit (EEB), if elected on the contract, will be applied to your new Annuity Account Value. Thereafter, the GMDB, EEB, Guaranteed Minimum Income Benefit (GMIB), Principal Guarantee Benefits, and Guaranteed Withdrawal Benefit for Life (GWBL) provisions will no longer be in effect. All charges for these benefits will cease.

Terms and Conditions

1. A Continuation Beneficiary must meet all eligibility requirements stated on page 1.
2. NQ BCO is not available to non-natural beneficiaries.
3. **BCO is not available if the beneficiary has made a payout election for the death benefit that is inconsistent with BCO at the time an official death claim is submitted (for example, payout annuity or lump sum).**
4. Direct transfers of your BCO interest to another insurance company through a 1035 exchange is not allowed.
5. A spousal beneficiary cannot elect Spousal Contract Continuation if he or she elects to be a Continuation Beneficiary.
6. A Continuation Beneficiary cannot assign the contract.
7. For federal income tax reasons contract ownership must continue to include the deceased's name.
8. A beneficiary's BCO interest is determined in accordance with the beneficiary's share of the Annuity Account Value (AAV).
9. A Continuation Beneficiary has the right to transfer amounts among investment options available.
10. A Continuation Beneficiary cannot make contributions to the contract.
11. The death benefit is payable if the deceased is the sole owner of the contract or the older owner under a jointly owned contract. As of the date we receive satisfactory proof of death, any required information and forms necessary to effect BCO, the AAV will be increased to the death benefit amount if the death benefit is greater than the AAV. Additionally, any amount payable under the EEB (if elected on the contract) will be applied to the new AAV. Thereafter, the GMDB, EEB, Guaranteed Minimum Income Benefit (GMIB), Guaranteed Withdrawal Benefit for Life (GWBL) and Principal Guarantee Benefit (PGB) provisions will no longer be in effect. All charges for these benefits will cease. No withdrawal charges will apply to any withdrawals by the beneficiary.
12. For jointly owned contracts **where the deceased owner was younger than the surviving owner**, since the death benefit is not payable the AAV will not be increased to the death benefit amount even if the death benefit is greater and EEB (if elected on the contract) is not applicable. Withdrawal charges may be applicable to withdrawals over the free corridor amount. See the item 15 for when withdrawal charges apply.
13. Any minimum death benefit provisions will no longer be available on the contract. All optional enhanced benefits previously elected by the deceased will no longer be in effect and charges for all such benefits will stop. At your death, the amount payable to any beneficiary you name will be any remaining BCO interest in the contract.
14. If you elect the scheduled stretch-out payment withdrawal Option (additional withdrawals permitted) or the 5-year rule distribution option, we will treat all amounts paid from the contract as taxable on an "income first" basis. Scheduled stretch-out payments must begin no later than one year after the date of the deceased contract owner's death. See "*Things to Consider*" on page 2 of this form for further details.
15. For the scheduled stretch-out payments withdrawal Option and the 5-year rule distribution option, withdrawal charges may apply if the deceased contract owner was not the same as the annuitant. We do not impose withdrawal charges on scheduled stretch-out payments except if when added to any withdrawals previously taken in the same contract year the total amount of withdrawals and scheduled payments exceed the free corridor amount. Contact our customer service representatives at 1-800-789-7771 for more information and for the withdrawal charge schedule and the free corridor amount applicable under your contract.
16. Use the Withdrawal Request Form to request withdrawals from this contract other than scheduled stretch-out payments. Lump sum withdrawals from the contract that are in excess of the scheduled stretch-out payments must be at least \$300.
17. You may surrender your contract at any time (see item 15 above for when withdrawal charges may be applicable). This will end your status as a Continuation Beneficiary.
18. Upon your death, any beneficiary you name to receive the remaining amount of your BCO interest will receive a lump sum payment. If you elected the scheduled stretch-out payment withdrawal option, your beneficiary may elect to continue the payment method you elected over the remaining term of your life expectancy. If you elected the five-year method, payments will be made in a lump sum to your beneficiary. Please note that any election to continue your payment pattern will be subject to our administrative rules relating to minimum account value and documentation we require for BCO at the time of your death. If no beneficiary is designated, all remaining amounts will be paid out to your estate.

If you elect not to have withholding apply to your payment, or if you do not have enough tax withheld from your payment, you may be responsible for payment of estimated tax. You may incur penalties under estimated tax rules if your withholding and estimated tax payments are not sufficient.

Certain states may also require us to withhold state income tax if Federal Income Tax is withheld. If you name a beneficiary, we will make payments to that beneficiary. The BCO interest at that time will be the total Annuity Account Value as of the date we receive satisfactory proof of your death and all required documentation. If you name more than one beneficiary, we will divide any remaining BCO interest equally among beneficiaries unless you tell us otherwise. Include full names, Social Security Numbers (if available) and relationships to you. If you elected the 5-year rule distribution option, we will make a lump sum payment of any remaining BCO interest.
