Inherited IRA Beneficiary Continuation Option (BCO) Election Form

Equitable Financial Life Insurance Company
Equitable Financial Life Insurance Company of America

For Assistance Call (800) 789-7771

This form is applicable if the contract owner's death occurred on or after January 1, 2020

- Use this form only if you are an individual beneficiary and want to stretch your death benefit from an Investment Edge® Series IRA (including SEP-IRA and Roth IRA) contract for deaths on or after January 1, 2020.
- The funds in your contract will remain allocated in the investment options chosen by the origin deceased owner prior to his/her death.
- For further information on how to transfer some or all of the account value among the various investment options once your request has been processed, call the number above.
- Other death benefit settlement options which may be available to you are a lump sum distribution option or one of several forms of annuity payout options.
- Additional options available to sole spousal beneficiaries are either a spousal rollover or Spousal Contract Continuation.
- Please refer to "Investment Edge® Series Claim to Annuity Death Benefits" for instructions on electing one of these other options.
- Do NOT use this form if:
 - You are an entity beneficiary such as most types of trusts or an estate. Please see the Terms and Conditions.
 - You want an immediate lump sum payment.
 - For an entity beneficiary such as a most types of trusts or an estate or for an immediate lump sum payment option, use the Investment Edge Lump Sum Distribution form #153869.
- Before you complete this form, please read the "Terms and Conditions" on pages 2 and 3. Your portion of the Annuity Account Value (AAV) of the deceased owner's contract is your "BCO Interest."
- You will have the right to transfer amounts among the investment options available.
- When you elect BCO, the law may require you to take annual minimum distributions from the contract depending on certain factors, including whether the original owner died before or on/after required beginning date.
- By paying income tax only upon receipt of distributions, you may ultimately stretch out the income tax impact on your benefits while your balance continues to be invested.
- You cannot make additional contributions to the contract.
- By electing the BCO option, the account value is subject to market fluctuation. There are no guarantees associated with the account value and the sum of withdrawals taken over the life of the BCO contract (including the surrender value) could be less than its beginning account value.
- If you elect BCO, fill out the "Investment Edge® Series Beneficiary Continuation Option Election" form beginning on page 4 of this form and return it to the address indicated on the attached form.

Eligibility for BCO

- All beneficiaries must be individuals and identifiable with the exception of certain see-through trusts. BCO is not available
 to non-natural beneficiaries (e.g., most trusts, charities and estates), other than certain see-through trusts. For Trusts
 Only: BCO is only available for certain see-through trusts that have an eligible beneficiary structure. Please consult your
 attorney to make the determination that the trust is a "see-through trust" eligible to elect BCO. The trustee must also
 complete the "Trustee Certification Form.
- The minimum amount that is required to elect BCO is \$5,000.
- Your election, as well as the election of any other beneficiary who chooses to be a Continuation Beneficiary, must be
 received by September 30 of the calendar year following the calendar year of the deceased owner's or participant's
 death, along with all required paperwork. Beneficiaries who do not make a timely election will not be eligible for BCO.
- You will not be eligible to elect BCO if you make a death benefit settlement option that is inconsistent with BCO prior to submitting this form. Once you elect the BCO option, it cannot be changed or revoked. Distributions from the contract after your BCO election do not qualify for rollover treatment. (Example: You will not be eligible for BCO if you previously elected spousal rollover, Successor Owner/Annuitant (IRAs only) or an annuity payout option when you submitted the official Claim to Annuity Benefits form and the death certificate.)
- We must receive a separate BCO election form from each Continuation Beneficiary.

Terms and Conditions

- 1. A Continuation Beneficiary must meet all eligibility requirements stated on page 1. If there are multiple beneficiaries, any beneficiary who does not meet the eligibility requirements can choose to apply his/her share of the death benefit to any settlement option for which the beneficiary is eligible or receive a lump sum payment; all other beneficiaries may still be eligible to elect BCO. If the IRA contract is owned in a custodial IRA account and you are the spousal beneficiary under the custodial IRA account, you may instruct the custodian to elect BCO for the account by substituting yourself as the annuitant.
- 2. Before making any BCO election, you must determine whether you are an "eligible designated beneficiary" defined under the Internal Revenue Code Section 401(a)(9)(E)(ii). An individual beneficiary who is an "eligible designated beneficiary" or "EDB" is eligible to take annual post-death required minimum distribution payments over the life of the EDB or over a period not extending beyond the life expectancy of the EDB, as long as the distributions start no later than one year after your death. An individual beneficiary who is not an EDB is required to withdraw his/her entire BCO interest within 10 years. Please see Section 1 and check the appropriate category if it applies to you. You should consult your own tax adviser as to whether you qualify as an eligible designated beneficiary. You also acknowledge that Equitable does not provide tax advice. If you check classification as an EDB, by signing this form you indicate your understanding that Equitable shall not be liable to you or your heirs, successors and assigns if it is determined that you are not an EDB and the Internal Revenue Service imposes any fines, penalties or interest as a result of any distributions made or distributions that should have been made under the contract.
- 3. **Spousal Beneficiaries:** If you are one of multiple beneficiaries, you can only choose to stretch out payments over your life expectancy. If you are the sole primary beneficiary, you have a number of choices. You can do a spousal rollover or Successor Owner/Annuitant (IRAs only), or stretch BCO payments over your life expectancy. If you choose stretch, you can also defer starting stretch payments from the contract any time up until December 31st of the year in which your deceased spouse would have attained the applicable RMD age. *If the deceased attained (would have attained) age 72 after 2022 and age 73 before 2033, the applicable RMD age is 73. If the deceased would have attained age 74 after 2032, the applicable RMD age is 75. If the deceased were born prior to July 1, 1949, the applicable RMD age is 70 ½, and if the deceased were born on or after July 1, 1949 and before January 1, 1951, the applicable RMD age is 72. Please consult your financial professional to determine the best option for your particular needs.
- 4. **For disabled beneficiaries or chronically ill beneficiaries:** Please complete the applicable additional certification attached to this form. You may be required to furnish other proof of the existence of your condition in such form and manner as the Internal Revenue Service may require. You agree to maintain the physician's written statement for your records and provide it upon request to Equitable.
- 5. If you are eligible and choose to stretch out distributions over life expectancy, we will calculate and distribute these required payments to you annually in December.
- 6. If you elect the 10-year BCO option, we will distribute any remaining BCO interest in the contract by the end of the 10th calendar year following the year of the owner's death, unless federal tax rules permit use of a different date. We will not make any scheduled payments, but you can withdraw any amount at any time. Please note that even if you are an EDB eligible to stretch, if you did not make a timely election to stretch your BCO interest, the 10-year option will apply.
- 7. <u>Multiple Beneficiaries:</u> Where there are multiple beneficiaries, unless the deceased contract owner specifically indicated the contrary to us in writing prior to his/her death, we will allocate the Annuity Account Value or Minimum Death Benefit, whichever is higher, on a pro rata basis among these multiple beneficiaries, and we will maintain separate shares for each beneficiary. Under federal income tax rules, we may also be required to include the actuarial value of other benefits under the contract. Each beneficiary may independently select the distribution method of his/her choice. When the first BCO claim is processed, all active Segments will remain active; upon maturity they will default to the EQ/Money Market.
- 8. If the deceased owner or participant was past his/her Required Beginning Date of taking lifetime RMD payments and he or she did not take the final lifetime RMD payment for the calendar year which contains his or her death, then the beneficiary(ies) must take that last lifetime RMD payment before amounts are applied to BCO.
- 9. If the deceased owner died on or after the required beginning date, you may be required to take an annual required minimum distribution even if you are subject to the 10-year option. Equitable will not make any scheduled RMD payments to you. Please consult with your own tax adviser. Failure to take your RMDs by the applicable deadline can result in a 25% (or 10% if corrected during a specified correction window) penalty tax on the amount of the RMD not taken. It is your responsibility to meet the RMD rules.

Terms and Conditions (Continued)

- 10. Upon the death of a Continuation Beneficiary, the beneficiary named by such Continuation Beneficiary to receive any remaining amounts will receive a lump sum payment of the remaining portion due the Continuation Beneficiary, unless the person designated by the deceased Continuation Beneficiary elects otherwise. A beneficiary of an EDB must take the remaining interest in the contract within 10 years after the death of such EDB. However, for a beneficiary of a non-EDB, the original 10-year period that commenced with the death of the owner/participant will continue to apply to the beneficiary of the non-EDB. If no beneficiary is designated, all remaining amounts will be paid out to the deceased Continuation Beneficiary's estate in a lump sum. Please note that any payment option we offer will be subject to our administrative rules relating to minimum account value and documentation we require at the time of the Continuation Beneficiary's death.
- 11. Continuation Beneficiary cannot assign the contract.
- 12. For federal income tax reasons contract ownership must continue to include the deceased's name.
- 13. A Continuation Beneficiary has the right to reallocate or transfer amounts among investment options available. When a Continuation Beneficiary takes ownership of a contract any amounts invested in segments will be allowed to continue until maturity. The Segment Maturity Value may be reinvested in other investment Options. If you choose the "10-year option," amounts may not be invested in Segments with Segment Maturity Dates later than December 31st of the calendar year which contains the tenth anniversary of the original owner's death.
- 14. A Continuation Beneficiary cannot make contributions to the contract.
- 15. For income tax reasons contract ownership must continue to include the name of the deceased owner.
- 16. You may withdraw your full balance from this contract at any time without incurring withdrawal charges. This will end your status as a Continuation Beneficiary.
- 17. Select the appropriate "Beneficiary Continuation Option" and complete this form and return it along with your Investment Edge[®] Claim to Annuity Death Benefits form and a certified death certificate to the address indicated on the form. Please also submit IRS Form W-9 or W-8 BEN as applicable.
- 18. Use the Request for Disbursement form to request distributions from this contract. Lump sum withdrawals from the contract that are in excess of the required distribution must be at least \$300.
- 19. Election of this feature will not be processed if it is not approved within the state in which the contract was originally issued. For more information, contact our customer service representatives at 1-800-628-6673.
- 20. The Guaranteed Minimum Death Benefit does not continue with the Beneficiary Continuation Option.
- Systematic Withdrawal Options are not available for BCO contracts.

3A. Please Select One Payment Option.

Important Note: If the deceased owner died on or after the required beginning date, you may be required to take an annual required minimum distribution (RMD) even if you are subject to the 10-year option. Federal tax rules governing RMD payments are highly complex. Please consult with your own tax adviser. Failure to take your RMDs by the applicable deadline can result in a 25% (or 10% if corrected during a specified correction window) penalty tax on the amount of the RMD not taken. It is your responsibility to meet the RMD rules.

Date

□ 10-Year Option. I understand that this is the only option available to non-EDBs, but that EDBs may also make this choice. I understand that by choosing this option all the funds in the contract must be liquidated by the end of the 10th calendar year following the calendar year of the original owner's date of death. I have the option to take a withdrawal at any time during the 10 years, and understand that I may be required to take an RMD annually depending on whether the deceased owner died before, or on or after the required beginning date. I understand that Equitable does not calculate any applicable RMD for me and that I need to consult with my own tax advisor and request an RMD each year if required. I further understand that any remaining amounts will be automatically distributed to me by the end of the 10th calendar year following the year of the owner's death.

□ <u>Stretch</u>. I understand that this option is only available to EDBs. I understand that by making this choice, I choose to stretch my BCO interest over the period of my life expectancy using the IRS Single Life Table. I understand that you will make the scheduled BCO payments once a year in December beginning with the year after the deceased's death and that I can withdraw additional amounts at any time. I further understand that if I do not timely elect to stretch my BCO interest, I will not be able to stretch the payments, and the 10-year option will automatically apply to my BCO interest. See Terms and Conditions.

3A. Please Select One Payment Option. (Continued)
□ Spousal Stretch. I understand that this option is only available to the surviving spouse of the decedent. I understand that by making this choice, I can defer starting RMD payments from the contract any time up until December 31st of the year in which my deceased spouse would have attained the applicable RMD age. I have documented my status. I don't want to star my once-a-year scheduled BCO payments in December of the year after my deceased spouse's death. I further understand that by making this election, I will have to initiate and request each payment to satisfy my RMD and that Equitable will not make any scheduled RMD payments to me.
Please read the "Terms and Conditions" on page 2 before completing this form.
3B. Traditional IRA only:
If the deceased owner was past his/her Required Beginning Date for taking lifetime Required Minimum Distribution (RMD) payments and he or she did not take the final lifetime payment for the calendar year which contains his or her death, then you must take that last lifetime payment before amounts are applied to BCO. You can satisfy this requirement by taking the RMD amount from any other traditional IRA previously owned by the deceased. Failure to take your RMDs by the applicable deadline can result in a 25% (or 10% if corrected during a specified correction window) penalty tax on the amount of the RMD not taken. It is your responsibility to meet the RMD rules. Please consult with your own tax adviser.
☐ Please check this box if you want to take the last lifetime RMD amount from the certificate/contract.
3C. Tax Withholding Election:
Withholding Election is only applicable if the Stretch or last lifetime RMD box is checked above.
If no election is made, we must withhold at a default 10% rate from your payment. If you want a different tax withholding, please submit IRS Form W-4R along with this form, and we will withhold as instructed on your Form W-4R. IRS Form W-4R is available at www.irs.gov.
If you are a US Person for tax purposes and the check is sent abroad, we must withhold tax.
If you elect not to have withholding apply to your payment, or if you do not have enough tax withheld from your payment, you may be responsible for payment of estimated tax. You may incur penalties under estimated tax rules if your withholding and estimated tax payments are not sufficient.
Certain states may also require us to withhold state income tax if Federal Income Tax is withheld. In most cases, your Federal withholding election would also apply to a state withholding election, although the rate of tax may vary among states Please note, however, we will only perform mandatory withholding if required by state law.
A. 🛘 I do NOT want Federal Income Taxes withheld from my withdrawal or surrender unless required.
B. I WANT 10% Federal Income Taxes withheld from my withdrawal or surrender.
C. 🗆 I WANT% State Income Taxes withheld from my withdrawal or surrender, if applicable.
4. Custodial IRA Contract If the IRA contract is owned in a custodial IRA account please complete this section.
Other death benefit settlement options are available to beneficiaries of a custodial IRA account. Additional options for sole spousal beneficiaries include Spousal Rollover and Spousal Contract Continuation. In order for a beneficiary which is a custodial IRA account to effect a BCO election, the deceased's surviving spouse must be the sole beneficiary under the custodial IRA account and the custodian must substitute the deceased's surviving spouse as the annuitant under the contract. Please refer to "Investment Edge -Claim to Annuity Benefits" for information on other options.

5. Name of the Beneficiary(ies) Who Should Receive Your BCO Interest

If you die before the entire amount of your BCO interest (in the deceased owner's contract) is distributed to you, we will pay any remaining amount to your estate in a lump sum unless you name a beneficiary for any remaining BCO interest at your death. If you name a beneficiary, we will make payments to that beneficiary. The BCO interest at that time will be the total Annuity Account Value (and any other value required by federal income tax rules to be allocated to you) as of the date we receive satisfactory proof of your death and all required documentation. If you name more than one beneficiary, we will divide any remaining BCO interest equally among beneficiaries unless you tell us otherwise. Note that all percentages must add up to 100% and if you do not tell us, we will pay to beneficiaries in equal shares. You can name an entity to get some or all of your unpaid BCO interest. Include full names, Social Security Numbers (if available) and relationships to you. Please read the Terms and Conditions before you complete this Section.

6. Allocation to Investment Options

Investment Options (Includes Structured Investment Options and Variable Investment Options) Percentages must be whole numbers and total 100%.

- If you elect any of the Structured Investment Option Segment Types listed below, once amounts are received, they will be first placed in a Segment Type Holding Account until your Segment(s) becomes available on the Segment Start Date. At that time, your funds will be allocated per your selection(s) below provided that all Segment Participation Requirements specified in the Contract are met.
- If you take a withdrawal from, or transfer out of, a Segment before the Segment Maturity Date, we calculate the Segment Interim Value ("SIV") for that Segment. The SIV may be less than the Segment Investment and may be less than the Segment Maturity Value would have been on the Segment Maturity Date. Any such withdrawal or transfer will reduce the Segment Investment and the reduction may be greater than the dollar amount of the withdrawal or transfer.
- For multiple beneficiaries only:

☐ Please check this box if you wish to elect to continue the current segments.

Please use sections 6A (Segment Investment Options), 6B (Packaged Portfolios and Alternative Options) and 6C (Investment Options) below to complete the Variable Investment instructions.

Fill in allocation percentages in whole numbers (no fractions or decimals). The total must equal 100% for the Investment Options. If you leave this section blank, the contribution will be allocated among the investment options in accordance with the allocation instructions currently on file with Equitable.
